### Beachcomber All-Inclusive Package

Guests at Victoria have the option of purchasing an all-inclusive package, which includes most meals and drinks for the duration of their stay from time of arrival to time of departure. The half-board package is still available for those not wishing to pay the all-inclusive rate. The all-inclusive package is paid for in advance and the rates must apply to all adults and children travelling together. Half-board and all-inclusive guests are accommodated on the same conditions when dining à la carte, where a set amount is payable per dish selected. The all-inclusive package is fully interchangeable with Mauricia, Canonnier and Shandrani. Victoria clients are to note though that the all-inclusive package inclusions of the property they are visiting will be available to them. Please enquire for more details.

Groups accommodated on different all-inclusive conditions.
